

1 be able to travel on airlines without us showing  
2 I.D. and now we do. Times change. I think, you  
3 know, people have to adapt to the situation.

4 REPRESENTATIVE ANCHIA: But you would  
5 agree with me that traveling on an airline being  
6 kind of a luxury, being this fundamental right that  
7 we are -- we are born with -- a U.S. citizens under  
8 the U.S. Constitution, would you agree these are a  
9 little bit different situations, wouldn't you?

10 GEORGE HAMMERLEIN: I agree. I think  
11 freedom of movement and the right to freedom of  
12 travel is a right of a U.S. citizen. But that would  
13 be denied without proper identification. And --  
14 but, I mean, I guess in a philosophical realm voting  
15 is more sacred than travel. But our economy would  
16 be crippled if people didn't have I.D. and still  
17 showed up at the airport and said, "Well, I don't  
18 have I.D." You can't get on the plane without it.

19 I think people could adapt to this. I  
20 think it's more a sense of integrity in the rolls,  
21 because obviously a voter registration card doesn't  
22 have any photo I.D. Someone that gives out voter's  
23 registration cards, thousands sometimes a week,  
24 people come in person and say, "I'm Jim Jones at

11 REPRESENTATIVE ANCHIA: Yeah. Let

1 we had hundreds of provisional ballots where people

10 Thank you, Mr. Hammerlein.

14 MARGARET SPINKS: Good afternoon.  
15 I'm Margaret Spinks with DPS. I'm here if anyone  
16 has any questions.

17 CHAIRMAN BOHAC: Members, do you have  
18 any questions for the witness? Representative

20 REPRESENTATIVE HUGHES: Ms. Spinks,  
21 could you just help me out with the state of the law  
22 regarding these DPS-issued I.D. cards.

23 I'm an adult and I don't have a Texas

1 FRANK REILLY: Thank you,  
2 Mr. Chairman.

3 Frank Reilly on behalf of Republican Party  
4 of Texas and for House Bill 1706. I've given some  
5 written testimony, so I won't read it.

6 I did want to say that (inaudible) the  
7 legislation will set a new standard to increase  
8 public confidence and that people who show up in the  
9 polls are duly registered voters. We want to be  
10 sure that the legislation also ensures that no  
11 qualified registered voters will be denied the right  
12 to vote on election day.

13 I wanted to point out briefly there's been  
14 some concern about people showing up at the last  
15 minute on the polls. And you all have all heard the  
16 testimony already that there's been a -- a continual  
17 increase over the years of people who come in and  
18 early vote. So people who come in and early vote  
19 are a lot less likely to be having these problems  
20 that they might have showing up at 6:55 p.m. on  
21 election day without a photo I.D. In other words,  
22 they will have an opportunity to cure themselves in  
23 those particular times.

1 virtually with no burden on these additional voters.  
2 I really don't believe that requiring someone to  
3 come to the polls with an I.D. or I.D.s other two  
4 alternative forms of I.D.s is a very onerous burden  
5 for folks. It should really be pretty simple for  
6 people to -- to get there.

7 I want to know the public support for this  
8 type of litigation across all spectrums. Rasmussen  
9 research Poll Taken in 1994 shows that 82 percent of  
10 Americans support laws that require people to carry  
11 I.D.s to the polls. And of those, 89 percent of the  
12 Bush supporters and 75 percent of the Kerry  
13 supporters supported this.

14 The legislation is -- is good. It doesn't  
15 conflict with HAVA. In fact, it very well dovetails  
16 with it on all the requirements that might allow on  
17 a dual track. And we support this legislation.

18 Be happy to answer any questions.

9 DON ALEXANDER: I'm with the Texas  
10 Association of Election Administrators. And I've  
11 expressed this to Representative Denny in her  
12 office. And my concern for the organization is that  
13 there's confusion in the way that the bill is  
14 written as to whether or not a provisional ballot  
15 would be required to be executed, and it needs to be  
16 clarified. And I understand this may be going back  
17 for modification to the current law. Because if you  
18 go and you look in the back of the provisional  
19 ballot there's an Item 5, which voter is on the list  
20 of registered voters but didn't provide the  
21 certificate of voter or I.D. If the judge checks  
22 that and you go to the bottom where the ballot  
23 looks -- and it says that bottom five is checked but  
24 the ballot is not counted.

25 So my concern is we're going to go out and

5 CHAIRMAN BOHAC: -- tell us who

7 CLIFF BOROFSKY: -- Cliff Borofsky,  
8 Bexar County Administrator. And I am against the  
9 bill.

10 There are several issues, some of which  
11 I've already expressed. And, Representative Anchia,  
12 I did want to change what I think, because I think I  
13 misunderstood your question, because yes, this does  
14 change the fact that a person could vote. If they  
15 didn't have it or more -- I mean, they could sign  
16 and (inaudible) vote. But under this bill, as I  
17 understand it, you either have to have a photo I.D.  
18 or two others. I think that's a demanding  
19 requirement.

20 What I might suggest before I forget is we  
21 might consider a grace period. In other words, for  
22 a period of time to be determined for everybody who  
23 came to vote we would hand them a notice so that  
24 they would, say, okay, the next time or starting in  
25 November you are going to have this requirement.

1 Because not enough people read newspapers, not  
2 enough people are going to watch T.V. You know,  
3 short of mailing a notice to every single registered  
4 voter, which I suppose is a possibility, it would  
5 cost some money. But if I handed that out to each  
6 voter for a period of time to be determined and then  
7 implemented it, it might take a little bit better  
8 notwithstanding any other arguments against it.

9 There were some comments that you have to  
10 show an I.D. in H.E.B., you have to show an I.D. at  
11 the airline. You do, but you don't have to show  
12 two; you only have to show one. And it is a photo  
13 I.D., but it's not two.

14 So, again, there's going to be an  
15 immediate perception to this that they're infringing  
16 on that.

17 And I think this has been stated before,  
18 which is a very good idea. The key point is not  
19 having voter registration without some I.D.  
20 Currently, if you register by mail under HAVA, you  
21 send it in. You have to send in some forms of I.D.  
22 with it. If not, which you haven't, you have to  
23 show that I.D. even if you have a card, because you  
24 didn't show it when you registered. But if you have  
25 a deputy volunteer registrar sign you up, you don't

1 have to show, or if I walk into my office, like I  
2 was saying, fill out the card currently, get the  
3 card, go over and get a driver's license. So the  
4 I.D. point, the critical I.D. point is at the point  
5 of registration, at least in my mind.

6 A couple other points that I just wanted  
7 to bring up is I -- I do not recommend that they use  
8 the license to carry a concealed handgun issued to a  
9 person as an I.D. even if it does have a photo. I  
10 just think it would create kind of like, well, does  
11 he have one or doesn't he? If I give him the wrong  
12 ballot is he going to shoot me, you know. It may be  
13 a little much. I just think you're creating a stir  
14 in the place. There are thoughts or I.D.s you could  
15 use. You do use a Sam's card to have a photo. So  
16 if you've got a Sam's card or a concealed handgun, I  
17 would really rather they use the Sam's card. That  
18 was one.

19 And then I -- then I had a question,  
20 because I wasn't sure of the answer. And that was  
21 at -- on Nos. 10 and 11, a library card with a  
22 person's name. I think people under the age of 18  
23 can get a library card although they can't get a  
24 voter registration card. And similarly I'm not sure  
25 if people under 18 like junior hunting and fishing

6 history file, I remember in Harris County when we  
7 moved to electronic voting machines, there were news  
8 reports that the sky was going to fall because we  
9 went to electronic voting, because of over 65 folks,  
10 people that were too young, too old, too rich, too  
11 poor, too this, too that. But what we set out to  
12 do, and we did quite successfully, was a major  
13 education campaign. So all the radio stations were  
14 involved, all the print media was involved, all the  
15 television media was involved.

16 And I guess my question for you is do you  
17 think -- in lieu of a grace period, don't you think  
18 kind of the natural market voices of the way  
19 information is dispensed that this will be  
20 effectively communicated to the voting populace?  
21 After all, they are paying attention to who's voting  
22 and who's not. They're getting mail pieces in the  
23 mail, they're seeing people advertised on T.V.

24 I'm just wondering do you think in lieu of  
25 a grace period that the natural grace period would

2 CLIFF BOROFISKY: No. I think you  
3 over-estimate the power of the press in this regard.  
4 Well, I think you over-estimate the number of people  
5 who can afford to send enough pieces of paper to  
6 some people.

7 There are -- there are -- you know, one of  
8 the things we talked about are people who are  
9 disenfranchised. I think there's still a  
10 significant population out there who's never been  
11 enfranchised in the first place.

12 If you're not a regular voter -- and I  
13 kind of got a whiff of this yesterday. If you're  
14 not a regular voter, you're not going to get a mail  
15 piece, because nobody thinks you're going to vote  
16 anyhow. So if you're not going to get a mail piece  
17 in this election and nobody's going to come knock on  
18 your door because you're not a voter, then you're  
19 not going to get the information any other way  
20 except maybe by word of mouth in some areas.

21 I -- I would like to suggest that you  
22 might talk to some of the folks like in Hidalgo  
23 County, Cameron County and some of those areas where  
24 it may be tougher to get some of that kind of work  
25 out to the -- to the people. And I don't know if a

1 grace period is -- is required. I -- it's just an  
2 I.D. that -- that actually might work if people see  
3 it in writing when they go to vote and they take it  
4 home. But there are a significant number of people,  
5 I think, still who may not have - I think this was  
6 brought up; Ms. Little, maybe it was she who brought  
7 it up, maybe not - have two pieces of I.D. They  
8 might have a personal I.D., but they might not be  
9 the homeowner in which they're living, so the  
10 utility bill won't be in their name. They may not  
11 have a checking account, so they won't have that in  
12 their name. They may not be a pilot, so they won't  
13 have a pilot's license. I just think we need to  
14 address some of this a little more specifically.

15 But, again, we have some pretty good rules  
16 now, and I think the crux of the I.D. point is at  
17 the point of registration, beyond which a lot of  
18 that has been covered already especially with  
19 provisional voting at the polls.

9 bill.

10 Ken, if you could introduce yourself and  
11 tell us who you're with.

12 KEN BAILEY: Yeah. Thank you, Mr.  
13 Chairman. My name is Ken Bailey, and I represent  
14 Texas Democratic Party. We're opposed to this bill.  
15 If it was either the voter registration or voter  
16 I.D. or two others we could -- we could live with  
17 that. But I've been voting since 1969, and I have  
18 my voter registration card every time. And that's  
19 what I expect when I go vote. The people in nursing  
20 homes, you know, that's what they expect. If you  
21 get a ride to the polls, the person in the nursing

4 You want me to vote, but you want to make  
5 me bring one more thing to the polls to vote, and we  
6 just think that's wrong.

7 CHAIRMAN BOHAC: But you're aware  
8 when we vote by mail, the very first time a person  
9 sends an application to vote by mail they are  
10 required to send a valid form of identification?

11 KEN BAILEY: No, sir, because I  
12 didn't do that last time I voted by mail.

13 CHAIRMAN BOHAC: That was --

14 KEN BAILEY: Voter registration, you

17 I have to see your I.D. So when you register,

13 quick.

14 I just want to let you know I'm here  
15 representing probably the largest population that  
16 does not have photo identifications. And we do a  
17 lot of the outreach in the community to try to let  
18 individuals know that they can take a government  
19 check or trying to find out what kind of  
20 identification they have that they can take to vote.  
21 And I'm just concerned, as is everyone else, that

1 my utility bill or you told me I could take this,  
2 and I'm going to go vote. And they're going to get  
3 out there and they're not going to receive -- it's  
4 going to be very hard to outreach to them to  
5 allow -- to let them know as with other voters that  
6 there are more requirements put on them.

7 Also, I will reiterate what I had stated a  
8 couple weeks ago. The No. 1 -- the most  
9 controversial provision of HAVA was the  
10 identification requirements. And you can look at  
11 the HAVA transcripts and see that Congress realized  
12 that identification -- the burden of identification  
13 is method of disenfranchisement.

14 Also, I appreciate the fact that an  
15 individual could receive a (inaudible) or personal  
16 identification certificate. But my question is I  
17 wonder what type of I.D. a person has to have to  
18 obtain an individual I.D. certificate.

19 It seems almost circular. They're going  
20 to have to go purchase a birth certificate or some  
21 other form of certificate in order to get the free  
22 identification certificate. I don't know. I would  
23 imagine in order to obtain a personal identification  
24 certificate you have to show some form -- I don't  
25 know exactly what it is, but that's a question I

2 Also, I'll send to you tomorrow -- I've

7 looks like if this were to pass, Texas and Arizona  
8 would be by far the strict -- the most strict  
9 requirements for individuals to go vote. So I'll  
10 send that to you.

11 And thank you for the opportunity. Anyone

MS. PERALES: Thank you, Chairman Bohac and Members of the House Election Subcommittee on Voter Verification. I'm Nina Perales, Regional Counsel for the Mexican American Legal and Educational Fund, MALDEF, nonpartisan organization that protects and defends legal rights and voting rights.

I'm here today to advise you of MALDEF's opposition to HB-1706. And my comments are equally applicable to HB-1293 and 1402.

We oppose the bill because they remove the ability of the voters to present a voter registration certificate at the polls to be accepted for voting. The bills are not based on any substantial evidence of voter fraud by persons who appear to vote in person with a voter registration certificate.

The current law is an either/or option. Come with your voter registration or, if you don't have it, you'll have to produce some forms of identification. This -- all three bills and HP-1706 eliminates the ability to be accepted by voting by using the voter registration certificate.

The bills are unnecessary. We have heard of no report of anybody attempting to vote by using

1 the voter registration certificate in person who was  
2 not who they said they were. And maybe others can  
3 come with the -- with some kind of evidence that  
4 this has occurred, but like others, we've heard of  
5 voter fraud in other settings in people who vote not  
6 in person, but never somebody who comes to vote in  
7 person fraudulently, holding a voter registration  
8 certificate that is not their own.

9 What these three bills will do inevitably  
10 is prevent some voter from casting a ballot on  
11 election day, because they remove a way for you to  
12 be accepted as a voter.

13 Some voters only have their registration  
14 certificate when they go to vote. Someone has  
15 already mentioned the example of elderly voters who  
16 do not drive. Elderly voters who do not drive  
17 aren't going to be able to meet the I.D.  
18 requirements under these bills.

19 Similarly, remember non-drivers whose mail  
20 is addressed to a Post Office box are not going to  
21 be able to meet the requirements. And, finally,  
22 rural and urban (inaudible) members who live in  
23 households where somebody else pays the bill. If

1 transportation, didn't have a driver's license but  
2 who's living at home and whose utility bills and  
3 other kind of correspondence are going to be  
4 addressed to his parent and not to him. These bills  
5 will force the voters that I just mentioned to take  
6 additional steps to acquire additional forms of  
7 identification or exclude these voters from voting  
8 altogether.

9 It will also discourage voters by creating  
10 longer lines at the polls and forcing some voters to  
11 return home to find additional material and then  
12 come back a second time to be accepted for voting.

13 All three bills violate the Help America  
14 Vote Act. I know that you heard somebody else get  
15 up and tell you that they don't, but they all three  
16 do.

17 The reason there is litigation pending in  
18 the Senate right now in the U.S. Congress is because  
19 HAVA does not say what these three bills say. And  
20 Texas can't get out in front of federal regulation,  
21 because of preemption issues. Right now under HAVA  
22 the only people who -- right now under HAVA when you  
23 are a first-time registrant in the county and you go  
24 and registered by mail and you go to the polls, you  
25 are only required to produce one of the utility bill

1 or a bank statement.

2 What these bills do, all three of them, is  
3 require you to produce two. If Texas requires a  
4 voter, first-time registrant in the county who voted  
5 by mail, to produce two of something that the  
6 federal law only requires them to produce one of,  
7 you're going to have a HAVA violation.

8 When Texas accepted the HAVA funds, Texas  
9 agreed to run it a certain way. You'll either have  
10 to give back the money, which I'm not sure is really  
11 a possibility given the enormous amount of money  
12 that Texas has received, or you'll have to create  
13 two different systems for accepting voters, one  
14 system for accepting voters who are first-time  
15 registrants in the county who voted by mail and will  
16 only have to produce one of a certain kind of  
17 document, and another system for accepting all other  
18 voters who will then, if they don't have their  
19 driver's license, have to produce two of this list  
20 of documents.

21 It also introduces a likelihood that  
22 election officials will begin to refuse voters whose  
23 address on their driver's license doesn't match the  
24 address on the poll. And this is when -- when you  
25 heighten the importance of the photo I.D., and

1 particularly the driver's license, you are going to  
2 have poll workers who are going to reject voters  
3 because the addresses don't match. And in order to  
4 get the address on your driver's license to match  
5 your voter rolls if you've moved, you're going to  
6 have to go get a new driver's license, because  
7 normally you are not issued a new driver's license  
8 when you change your address. You get a certificate  
9 for dollars. So if you want these documents, you  
10 know, to match when you go to the polls you're going  
11 to have to pay 24 dollars and go on down and get a  
12 new driver's license if you've moved. None of those  
13 fees are taken care of, by the way, in 1706.

14 Finally, the bills give poll workers, many  
15 of whom are volunteers and not experts in proof of  
16 identification, a greater and unwieldy  
17 administrative task. Workers at the polls will have  
18 to make hundreds of judgment calls a day as to  
19 whether a particular form of I.D. is acceptable.

20 MALDEF urges the subcommittee to rely on  
21 the voter registration card as sufficient  
22 documentation to accept the voter. It is a lot  
23 easier to accept a voter registration certificate  
24 than it is to -- again to juggle whether or not a  
25 piece of correspondence is from a government agency,

1 whether it's official or unofficial, and the various  
2 other things that are created when you add all these  
3 documents onto the list.

4 These bills do not prevent people from  
5 assuming your identity and voting on your behalf in  
6 early voting. Other bills may be able to deal with  
7 that, but these bills do not prevent somebody from  
8 early voting for you. And because HAVA requires  
9 registrants to prove their I.D. at the time of  
10 registration, today somebody cannot go out and  
11 register three different times as three different  
12 people -- as three different people as was mentioned  
13 earlier.

14 In conclusion, good government does not  
15 require more bureaucracy than it needs to carry out  
16 its functions. The bills before the Committee place  
17 more requirements on voters and more requirements on  
18 poll workers, and they lack justification and any  
19 evidence of fraud by voters who rely on the  
20 certificate when they present themselves at the  
21 polls. Thank you.

22 CHAIRMAN BOHAC: I have a comment for  
23 you -- or it really is a question. I was just kind

1 my parents who are both over 65 -- in fact, my  
2 mother is 70 and my father is 71. And of course I  
3 say on election day in my district, "Mom and dad,  
4 please go vote." And they will say quite frequently,  
5 "I don't know where my card is." And I will have to  
6 say, "You know what, you don't need your card. Just  
7 go down there, show them your driver's license."

8 So I'm just wondering if we really broaden  
9 our thinking about this, once people were educated  
10 that all you needed was actually a government-issued  
11 form of identification, it actually may incur more  
12 participation in the process rather than less  
13 participation once we started educating people like  
14 my parents and like people of their generation that  
15 you actually don't even need the -- the voter

17 So I was just throwing that out there.

19 MS. PERALEZ: I respectfully  
20 disagree, Chairman Bohac. Right now you have the  
21 option of either. And the more public education,  
22 the better. MALDEF supports public education. Let  
23 people know they can go with these other documents,  
24 but please don't shut down the ability to bring your  
25 certificate, because your parents are -- are, thank

1 goodness, able to produce a driver's license.

2 My grandmother is 96. She does not have a  
3 driver's license, and she does not pay the bills,  
4 because she lives with my father. She would not be  
5 able to vote under these bills.

6 So we urge greater access and greater  
7 public education, but not to foreclose the avenue  
8 that many people have to go and vote.

9 CHAIRMAN BOHAC: Do you think that  
10 there are any voters out there who assume wrongfully  
11 that they have to have their voter registration  
12 cards in order to vote, that they have to have that  
13 document and, therefore, they don't go to the polls  
14 simply because they know that they can't -- I  
15 couldn't even tell you where my voter registration  
16 card is --

17 MS. PERALES: Uh-huh.

18 CHAIRMAN BOHAC: -- frankly speaking.  
19 But do you think that actually inhibits some people  
20 from going to polls because they cannot find that  
21 voter registration card, because they mistakenly  
22 believe they have to have that card?

23 MS. PERALES: I'm not aware of any.  
24 If there are, we -- we would certainly urge public  
25 education to let them know that they can bring that

1 piece of documentation.

2 I'm more familiar with people who -- who  
3 go around with their certificate in their wallet as  
4 I do, just in case you find out there's a special  
5 election or an election. You just can walk right  
6 over to the County Courthouse in Bexar County and  
7 cast my vote with my certificate that is always in  
8 my wallet. I think if you shut down that mechanism  
9 you're going to exclude more people, and you're not  
10 necessarily going to include more people who are  
11 unaware now that you can use a driver's license.

12 CHAIRMAN BOHAC: That election that  
13 pops up would certainly only be a bond election.

14 REPRESENTATIVE HUGHES: (Inaudible).

15 CHAIRMAN BOHAC: Are there any other  
16 questions, Members? If not, I will recognize that  
17 is our last -- no, I'm sorry.

18 MS. PERALES: Thank you.

19 CHAIRMAN BOHAC: We have Ann  
20 McGeehan. She is with the Secretary of State's  
21 office, and she will probably have some very  
22 enlightening testimony for us. She is neutral on  
23 the bill.

1 Well, I did want to mention what the --  
2 the requirement for identification today is a person  
3 who registers to vote by mail for the first time is  
4 required to present proof of identification. They  
5 have a choice. They can enclose a copy of that  
6 identification when they submit their voter  
7 registration application, or they can bring that  
8 identifying with them when they come to the poll.

9 The -- and that's a HAVA federal  
10 requirement that was incorporated into state law  
11 last --

12 CHAIRMAN BOHAC: Ann, can you repeat  
13 that one more time?

14 ANN MCGEEHAN: Okay. Reps to  
15 voter --

16 CHAIRMAN BOHAC: I can't really hear  
17 you very well --

18 ANN MCGEEHAN: Sorry.

19 CHAIRMAN BOHAC: -- I apologize.  
20 This is a very important, critical point that you're  
21 making here.

22 ANN MCGEEHAN: Right. HAVA requires  
23 a person who registers to vote in the state for the  
24 first time by mail to provide proof of  
25 identification. They can provide it by submitting

1 that identification with their voter registration  
2 application, or they can choose to bring that  
3 identification with them when they show up to vote.  
4 Their -- their name -- their name's annotated on the  
5 list of registered voters with a notation that  
6 identification is required from that voter. Okay.  
7 So that -- that's separate and apart from any  
8 requirements for showing certificate or  
9 identification at the polling place.

10 The -- that first-time voter  
11 identification requirement essentially disappears  
12 once the State has implemented the statewide voter  
13 registration list, because what HAVA says is once  
14 the State has -- is maintaining the official list of  
15 registered voters and once the State is verifying  
16 the driver's license number or the Social Security  
17 number is provided or the personal identifying  
18 number that's provided on the driver's license, once  
19 the State is verifying that, then the requirement  
20 for first-time voters who are registering by mail to  
21 produce identification, that disappears.

22 I just wanted to clarify what -- what that  
23 requirement is.

24 CHAIRMAN BOHAC: Members, any other  
25 questions? If not, thank you very much.

1 And the Chair will recognize Chairwoman  
2 Denny to close her bill.

3 CHAIRWOMAN DENNY: Thank you, Mr.  
4 Chairman, Members. I -- I thank you, Ann McGeehan,  
5 for clearing that up, because that is the only case  
6 in which identification is required for voter  
7 registration. I mean, you can still go to the Post  
8 Office or the library and, you know, fill out a  
9 voter registration card and take it to her office or  
10 work through a Deputy Voter Registrar and do it that  
11 way.

12 Also, I wanted to let you know that voters  
13 without I.D. are still allowed to vote provisionally  
14 under -- under this bill.

15 A question had come up, too -- I'm -- I'm  
16 sorry, I don't remember which one of you all asked  
17 what the requirements of other states are. I think  
18 it might have been you, Brian.

19 16 states currently require voters to show  
20 some forms of I.D. at the polling place. Five of  
21 these require photo I.D. Five require the voters to  
22 show the proof of identity and/or address when  
23 registering to vote. Two states require voters to  
24 show proof of citizenship when registering to vote,  
25 although there are movements in several states for

1 this requirement to expand. Okay?

2 And so, anyway, I -- I am working on a  
3 Committee Substitute that will address early voting  
4 by mail, the -- because I think -- or voting by  
5 mail. And -- because that is -- that was overlooked  
6 in this provision and -- or in this bill, and we  
7 don't want to overlook that, because we do want to  
8 require a copy of a photo I.D. to be mailed in with  
9 that.

10 And I think we could rely on our election  
11 division as well as our different counties, but --  
12 but certainly a -- a statewide program of education  
13 to -- when we would implement a program of this  
14 magnitude. They've done a marvelous job in the past  
15 when we have had to implement large changes to the  
16 election system in educating our voters, frankly, on  
17 what's required or -- or different changes in the  
18 law so that voters are not disenfranchised and  
19 not -- not caught unaware of what's going to be  
20 required of them when they go vote.

21 And public service announcements, if you  
22 want to call it that, to be -- put in things like  
23 people's utility bills and bank statements. And I  
24 mean, so often the business community is very -- is  
25 very helpful. And, you know, the private sector

1 really joins in and helps throughout the State to  
2 notify people of massive changes in a public  
3 service, as it were, spirit to -- to help the State  
4 get the word out when we do changes of this nature.

5 So I don't think it will be really  
6 difficult to get everybody on board to try and  
7 maximize voter turnout and participation, if we are  
8 successful in doing this. I just think that it is  
9 so important that we safeguard the integrity of the  
10 vote and that -- that people are assured that their  
11 vote will be counted and that no one usurped their  
12 authority to cast their own vote.

13 And with that, I will close, and ask you  
14 to leave the bill pending, Mr. Chairman, so that we  
15 have a little bit more time to work on it. And I  
16 thank you for your time this afternoon.
